

Complacency is Not an Option: Let's Join Together and Win!

The contentious primary has divided us and has made us election-weary. The current demographics and huge out-of-state money are against us. But we must remember that we are all Republicans!

The General election begins October 10 when the early ballots are mailed out.

This election is at least as big as 2016. Impeachment and the agenda hang in the balance. Even if your chosen candidate did not win in the primary, please vote the slate in the General election.

We will probably not hold everything, but if we don't try with the goal of winning everything, we will lose for sure. House and senate majorities must be held and increased. The majority leader designates committee heads and assignments and sets the agenda for floor business.

Please find some time to volunteer for candidates. Put out a yard sign. Host a meet-and-greet for 20 neighbors—just coffee, tea, water, not a

fundraiser. We will have yard signs and some bumper stickers available at the September meeting.

Current volunteer opportunities!

Complacency
is not an
option!

Rep. David

Schweikert: Phase Three of the mailing project is next. We will meet at Cheryl's house to insedret the letter and seal the envelope. We will

need more volunteers for this phase because of short timing.

Governor Ducey: There are ongoing opportunities to address envelopes. You are invited to help at his campaign office any day, Monday through Friday: 5080 N. 40th Street, Suitie 235, Phoenix --- free parking in adjacent garage

If you need to contact a candidate call me, I will help you get you in touch if you're having some trouble.
